JUNIOR PLAY DAYS

These days and times have been set aside to give Juniors an opportunity to play on a regular basis and tend to be slower times for normal course activity. We ask that parents or juniors call the Golf Shop the day before to sign-up. These play dates are for junior players who are able to go on the course without adult supervision. We have selected the most optimal times for this program, but there will be times when faster players come up on the junior groups and they are asked to allow faster players to play through so to alleviate any undue pressure from the group. Members of the Professional Staff will go on the course as their schedules permit. This program will begin once the school year has ended. There will be days that play will not be available throughout the summer so please make sure to call ahead of time.
