

2018 CADDIE TRAINING PROGRAM

Caddie training at Northland Country Club consists of two parts. First, the Caddie Trainee must attend one of the three orientation sessions. Second, the Trainee must attend one of the on-course training days. All sessions are conducted by the Caddie Master.

After mandatory orientation and on-course programs are successfully completed, the Caddie Master will pair the Trainee with an experienced Caddie for the final phase of the training program.
